The Castration is very professional and they made me feel most welcome. I got to me Parker and Kristoff who are also castrators. Damn they hot men. I wish I could have had a fantasy castration but since castration was funded by the The Friends and Family for Humane Castrations I was surgically castrated.

Partial penectomy removes only the end of the penis. The surgeon leaves enough of the shaft to allow the man to direct his stream of urine away from his body. If the shaft cannot be saved, the man must have a total penectomy. This operation removes the entire penis, including the roots that extend into the pelvis.

The penectomy group was less likely to identify as male than the control group. They were also more likely to have attempted self-injury to their penis (at a median age of 41.5 years), been attracted to males without penises, and felt that they were more physically attractive without a penis than the controls.

This is one aspect of being a nullo that seems to have received little attention. As my urologist further stated, "You do not get to simple sit and pee like a girl after a total penectomy. I firmly believe that you would have to be crazy to use a "cutter" for a penectomy. This is a far more complicated procedure than castration.
